

# Software Center

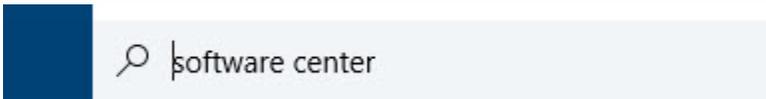

## How Install Applications

Software Center allows users to install applications without help from an administrator. Please follow the steps below to access Software Center.

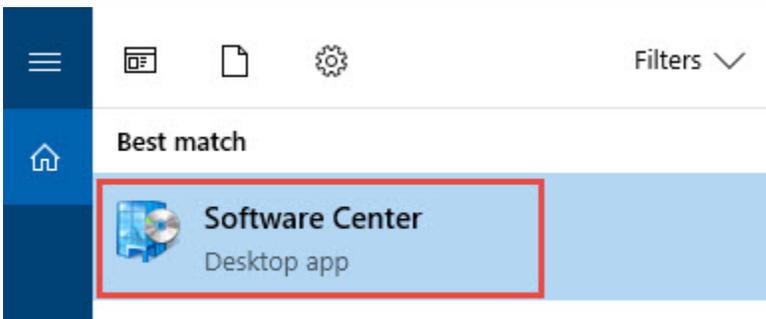

1. Click on the "Start" icon.

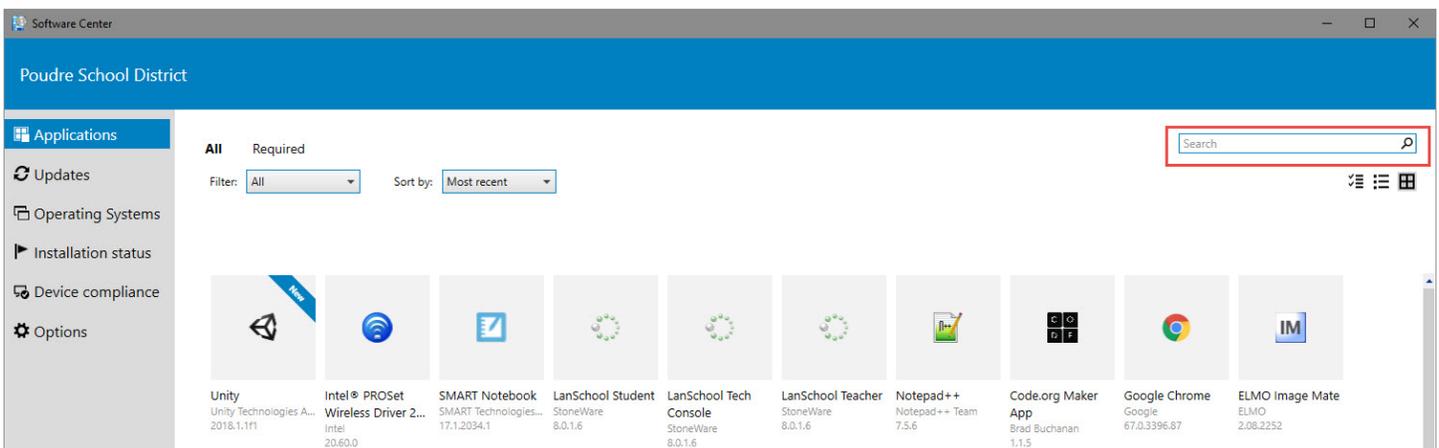

2. Type "Software Center" in the search bar.

3. Click on the "Software Center" application.

4. Once Software Center is open, search for the application you would like to install.

**If you have any questions about these directions please contact the PSD IT Support Center at 970-490-3456**

5. Click on the application icon you want and click "Install".
