

Rice Student Technology Contract 2024-2025

This contract must be signed by the student and will be kept on file for the duration of the school year.

Technology (computers, laptops, Internet access, etc.) is a privilege provided by Poudre School District for students here at Rice. If you choose to ignore the district and school guidelines for technology use, you could lose these privileges for a day, a week, or longer.

Remember, you are borrowing your laptop from Rice Elementary. It is NOT your personal computer- we ALL check out our computers like a library book. Always follow the directions of your teacher or responsible adult, and if you're not sure...just ask! 😊

If you have brought your own device to school (smart watch, phone, etc) it should not be used to text or communicate during the school day.

By reading and signing this contract, I agree to:

Think Win-Win

Treat all devices with respect.

- Report any type of damage immediately to your classroom teacher.
- Carry the closed laptop with two hands, never by the screen.
- No food or drinks when using the device
- Store and plug in laptop in charging cart

Use my laptop to enhance my learning.

- Follow my teachers' instructions exactly-
- Use for academic purposes ONLY (no Minecraft, YouTube, chat, other applications, or downloads) unless given permission by a staff member at Rice
- Do not personalize (no stickers, background changes, pictures)
- Access only District approved apps from Rice Website or Clever

Put First Things First

Respect everyone's privacy and work.

- Keep my passwords private and safe
- Only use my own account for any work I do
- Use kind, encouraging words

Be Proactive

Follow school rules by showing SOAR

Self Control- wait for directions from a teacher

Optimism- while there will be game time occasionally, the laptops are for education

Appreciation- We are lucky to have the opportunity to use technology on our borrowed devices.

Respect- Use kind, respectful words and report any that are not.

Be prepared to return your laptop at the end of the year in the beginning of the year condition.
